FOREWORD

Mr. Maguire's collection is a collection gathered before World War II and many of the coins here offered have not been on the market for years. Mr. Maguire was an ardent buyer in the Schulman auctions in Amsterdam between 1936 and 1939 and many of the outstanding coins were originally described by my father.

Several small consignments and a collection of attractive ancients have been included in this sale.

A recent tour through Europe convinced the cataloguer that prices of coins are still mounting due to many reasons: more collectors, some inflation or boom with free cash available for hobbies, heavy buying by museums and foundations which takes coins off the market forever. It should be known to the U. S. buyer that foreign coins are still quite reasonable here and only bring fractions of the prices compared to overseas.

Now is the time to bid on these coins and we will be happy to take care of your orders as if you were personally present

PLEASE NOTE:

This is an unrestricted sale and we sell **ALL** coins to the highest bidder. There are **NO** coins available after the sale as all are sold for whatever they bring.

Read our conditions of sale. Also read our notices of the Ancient and Antiquity Sale — February 28th and our "BIG" auction with ABNER KREISBERG March 21st and 22nd, always at the Waldorf-Astoria.

41 LOTS OF SCARCE WW II AND FOREIGN CURRENCY

Foreign papermoney in general, and WW II currency in particular, has greatly increased in popularity during the past decade. This is because of the genuine scarcity of many of the war series notes, the interest created in them during the war years, and the increasing popularity of numismatics as a hobby. Many of the lots offered here are comparatively unique, in that they are complete and near-complete or representative sets of some very scarce currency seldom put togther for auction lots. The last auction showed an amazing interest in this field, which should continue and increase as these notes get scarcer and scarcer. The offering presented here is twice as large and considerably more complete than th collection which sold so well in the June 1948 auction.

Request to return coins MUST BE MADE WITHIN THREE DAYS OF RECEIPT OF COINS.
2. All bids are to be by LOT as numbered in the catalogue. When identical lots are received, preference is given to earliest bidder.
3. This is a PUBLIC AUCTION. All bids are entered as received and highest bidder will be the buyer. Mail bidders may bid from catalogue any bid they wish and each lot will be purchased for each bidder at the next highest bid over other bidders.
4. Bidders must establish credit or have on deposit 25% of TOTAL bids.
5. Lots will be awarded to those bidders offer cash payment, except from known buyers.

IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot you should bid over estimate. If you bid by the order and estimate, this does not mean that you actually bid that high. Also the lots do not usually sell for less and it is reasonable to expect you to pay what the coin should be worth.
